Reasons for Allowance

The Japanese document no. JP6-54462 is a document cited by applicant. A copy of this document was provided by applicant in the amendment filed on 3/6/2007. The citation of JP6-54462 on the attached form PTO-892 is made in order to make the document of record as having been considered by examiner.

The following is an examiner's statement of reasons for allowance: none of the prior art of record teaches or suggests a consumable electrode arc welding method with all of the steps set forth in independent claim 1, particularly the torch movements as set forth in the second step. The dependent claims are allowable at least because they depend from allowable claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Clifford C Shaw at telephone number 571-272-1182. The examiner can normally be reached on Monday through Friday of the first week of the pay period and on Tuesday through Friday of the second week of the pay period.
